

Kenos vacuum gripping systems

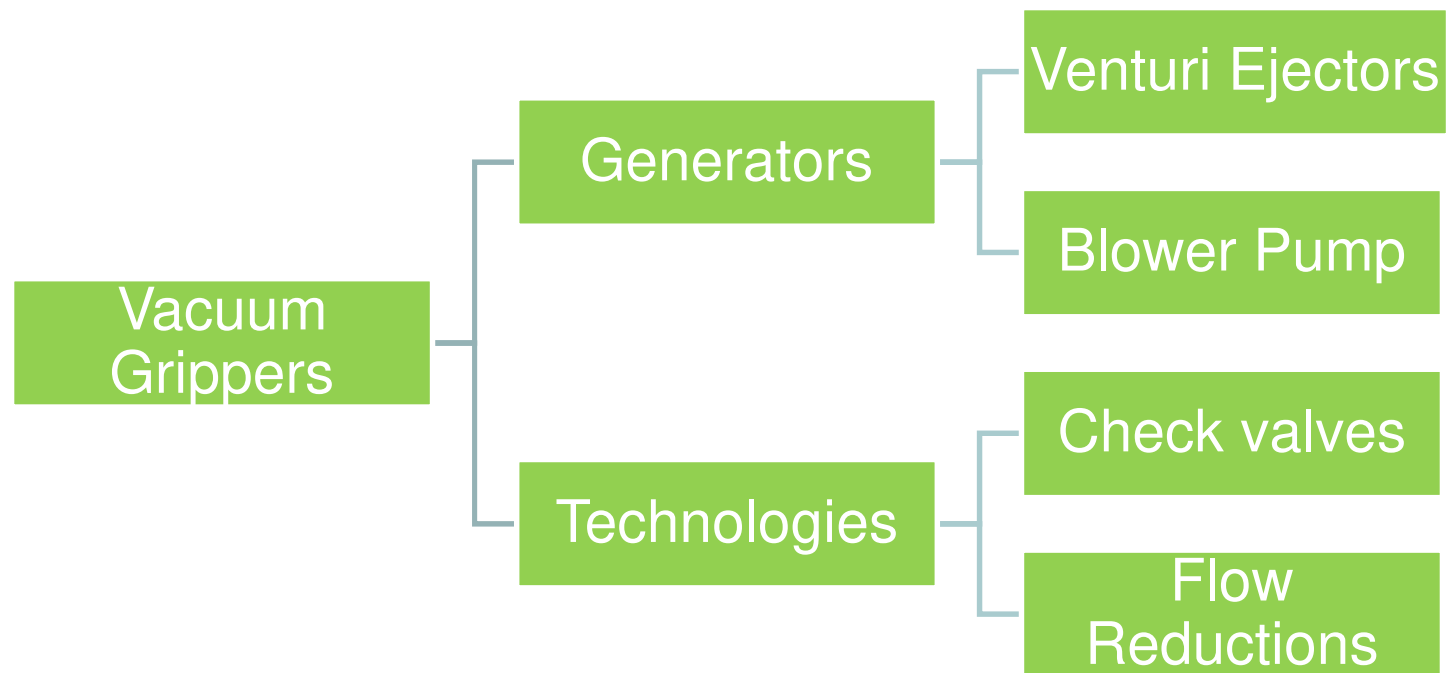

A part of the Piab group
KENOS
Vacuum gripping systems

Company introduction

- ✓ Establish in 2012
- ✓ Based in Montegrotto Terme (PD) Italy
- ✓ 9 employees
- ✓ 1000 sq/meter
- ✓ From June 2016 owned 100% by PIAB AB

Technology outlook

Vacuum gripping systems

KVG series Kenos Vacuum Gripper

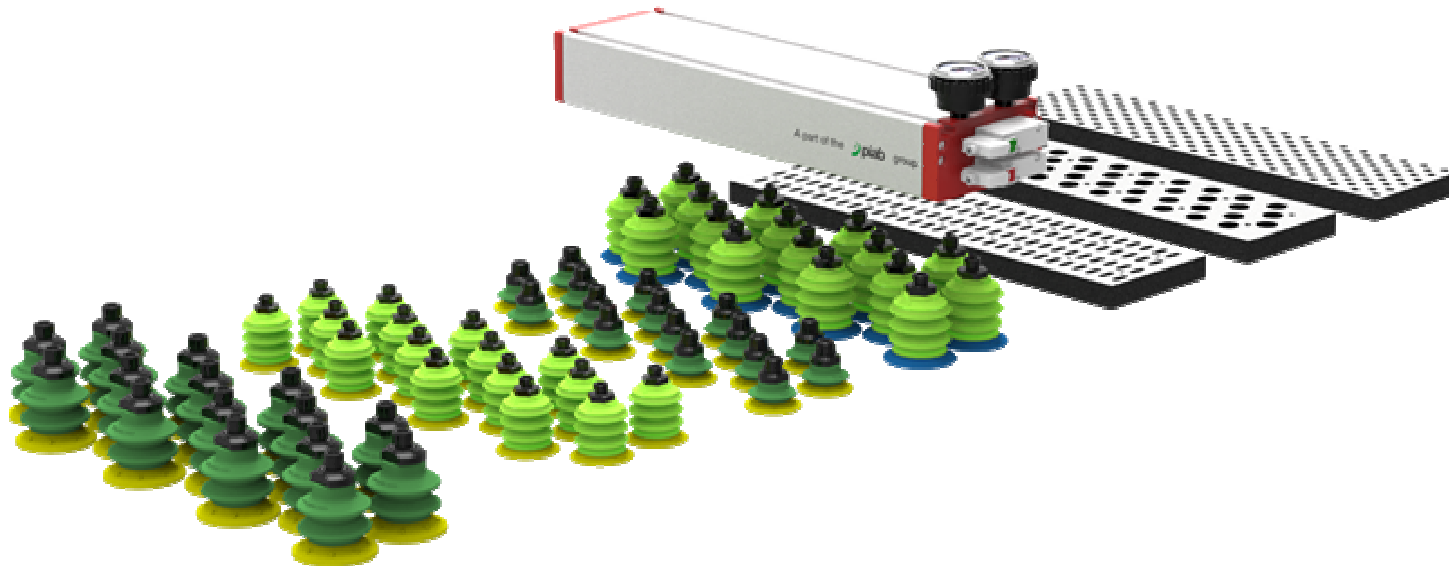

- ✓ Industries Application: wood, plastics, glass, packaging, food, solar, electronics, etc
- ✓ General purpose
- ✓ Available Versions: check valve or flow reduction, integrated ejector or external vacuum generator, technical foam or cups

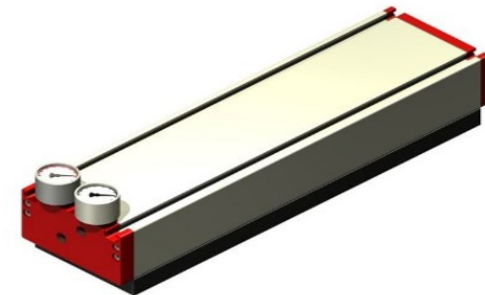

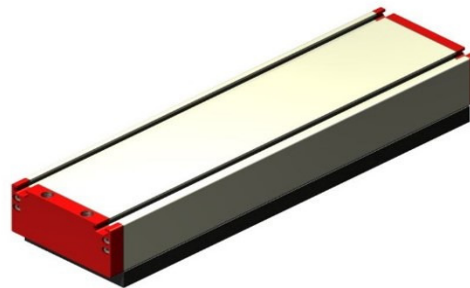

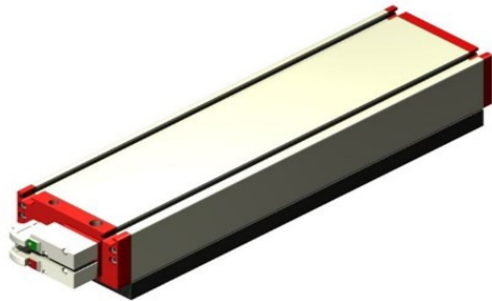

A part of the Piab group

KENOS
Vacuum gripping systems

KVG series Kenos Vacuum Gripper Foams

- ✓ EPDM material:
- ✓ Thickness available 10,20,30 and 40mm
- ✓ Different hole pattern available
- ✓ SILICON (FDA approved) material:
- ✓ Thickness available 3 and 10mm
- ✓ Different pattern available

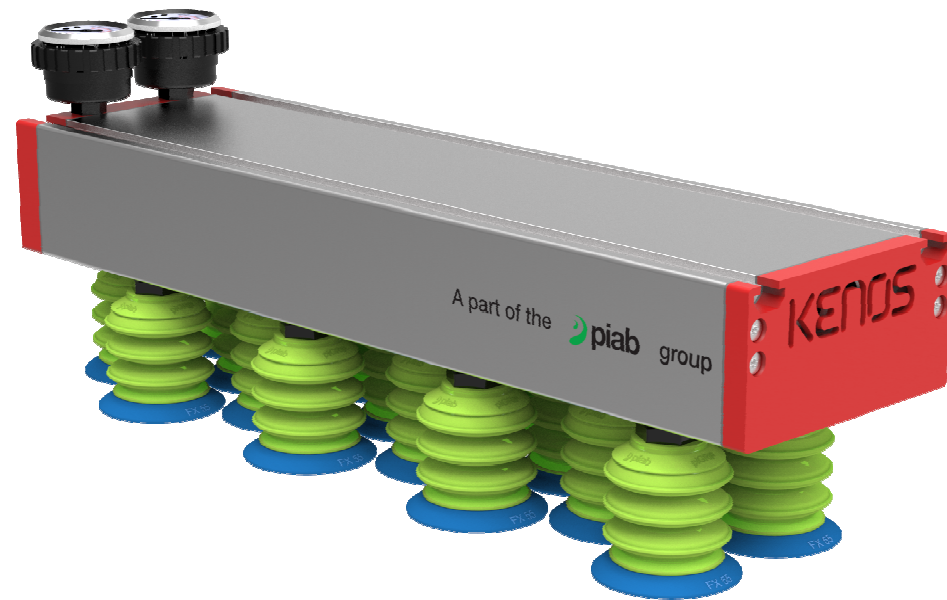

A part of the Piab group
KENOS
Vacuum gripping systems

KVG series Kenos Vacuum Gripper Cups

- ✓ KVG cup version available
- ✓ Usable cup diameters:
 - with Kenos check valve
BX 35 and BX 52
 - with Pi Save Sense valve
Pi Grip cups
(dia. & pattern on request)

KHVG series Kenos Heavy Duty Vacuum Gripper

- ✓ Industries application: Wood and forest application, Bricks handling
- ✓ Suitable for handling, normally in complete layer, of sawn timber, heavy planking, raw wood, materials for building

A part of the Piab group
KENOS
Vacuum gripping systems

KHVG series Kenos Heavy Duty Vacuum Gripper

- ✓ Available Versions: check valve technology, external vacuum generator (side channel blower), 120 and 210mm width

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Application: Carton boxes handling, wood, plastics, food, logistic, etc.
- ✓ Available with integrated venturi ejectors or external vacuum generation connection.

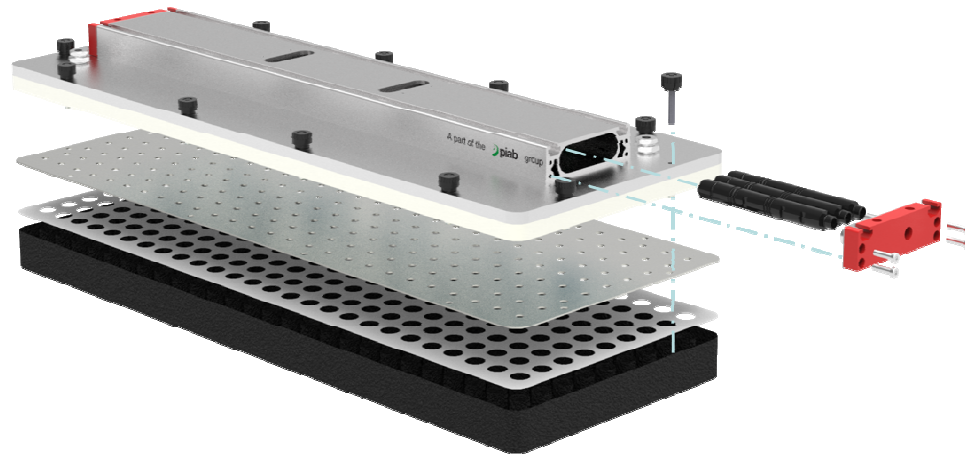

A part of the Piab group
KENOS
Vacuum gripping systems

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Wide range of standard dimensions.
- ✓ Quick change foam system to reduce down time during maintenance.
- ✓ Modularity makes this series highly effective.

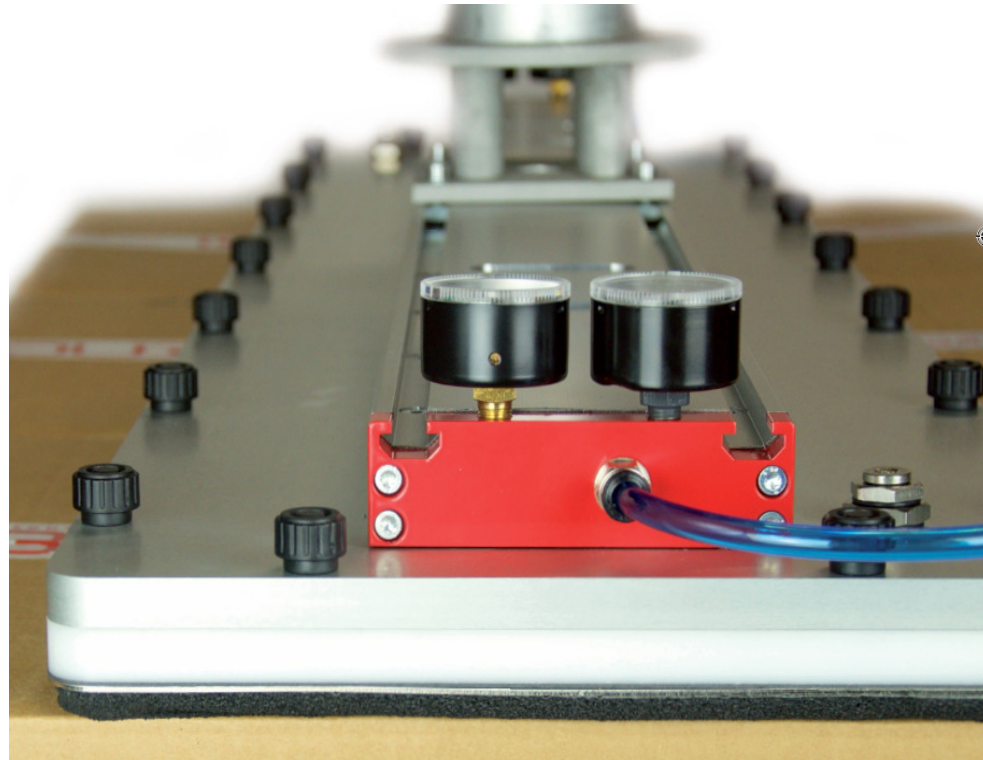

A part of the Piab group
KENOS
Vacuum gripping systems

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Quick change foam system to reduce down time during maintenance.
- ✓ Vacuum detection points.
- ✓ Special size dimensions also available

KENOS
Vacuum gripping systems

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Example of KVGL-S grippers connected together by a holder/manifold for vacuum distribution.
- ✓ Connection to side channel blower
- ✓ Each gripper is independently controlled by a pneumatic cylinder.

KENOS
Vacuum gripping systems

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Example of KVGL-S gripper supplied by Coax ejectors modules from both side.

- ✓ Two separate suction areas available.

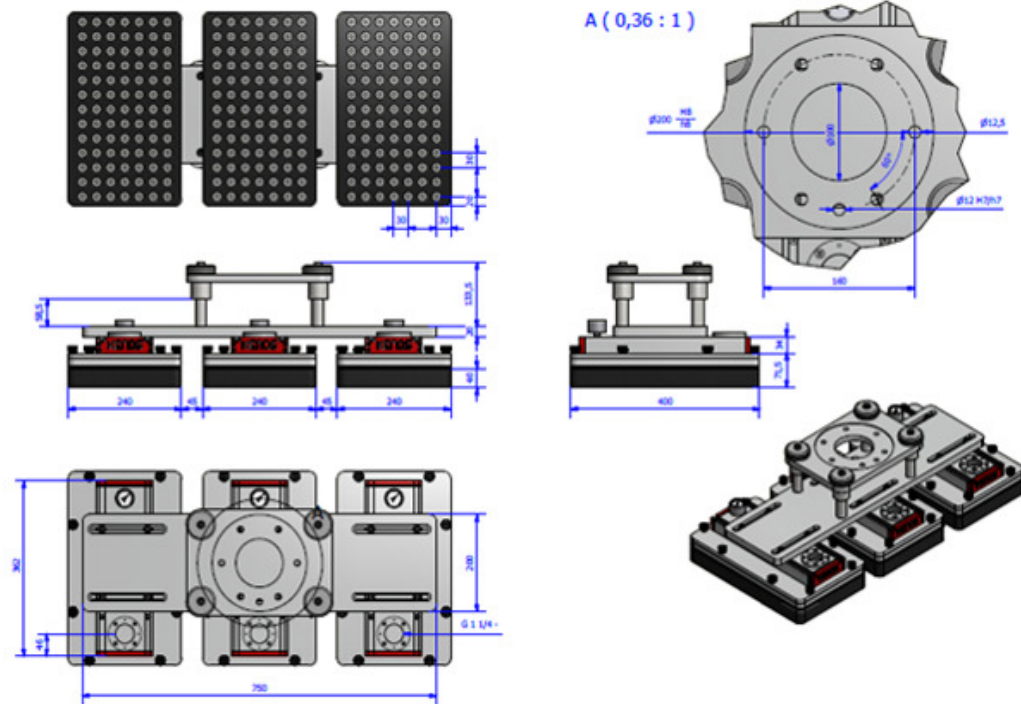

- ✓ Note: exhaust port placed in the centre of top Alu profile.

KVGL-S series Kenos Vacuum LargeGripper

- ✓ Example of KVGL-S grippers installed on common holder.
- ✓ Holder is supplied with ball bush bearing and interface flange to the robot wrist.
- ✓ Each gripper is independent and supplied by side channel blower.

KVGL-CJ series Kenos Vacuum Large Gripper Cans & Jars

- ✓ Application: Palletizing & depalletizing of cans, jars, buckets, tins (open and closed)
- ✓ Typically dedicated to food & beverage industry.
- ✓ Some interesting application in pharmaceutical and chemical sectors.

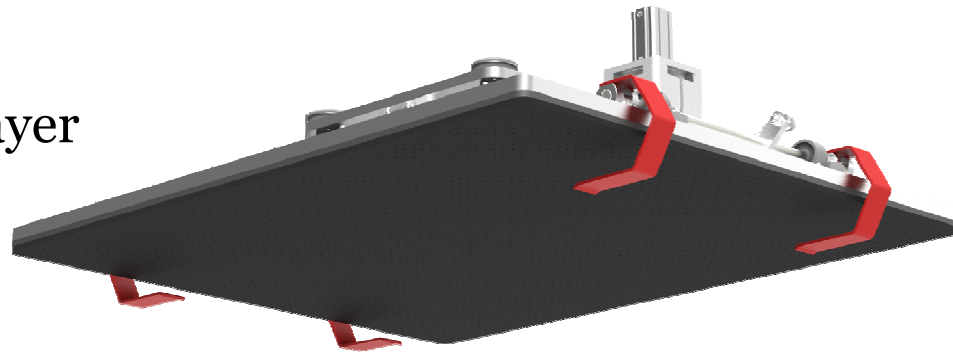

A part of the Piab group
KENOS
Vacuum gripping systems

KVGL-CJ series Kenos Vacuum Large Gripper Cans & Jars

- ✓ KVGL-CJ is mainly designed following the customer needs and request. Result is a deep customized gripper solution that often include even sensors, control valves, additional cups for inter-layer handling foil, mechanical hooks for wooden pallet handling and connection flange to the robot.
- ✓ Based on flow reduction technology in combination with external vacuum generation.

KSG series Kenos Sack Gripper

- ✓ Application :
plastic, food, pet
food, wood, etc
- ✓ Suitable for
palletizing and
depalletizing sack
handling.
- ✓ Available Versions:
integrated ejector or
side channel blower
connection.

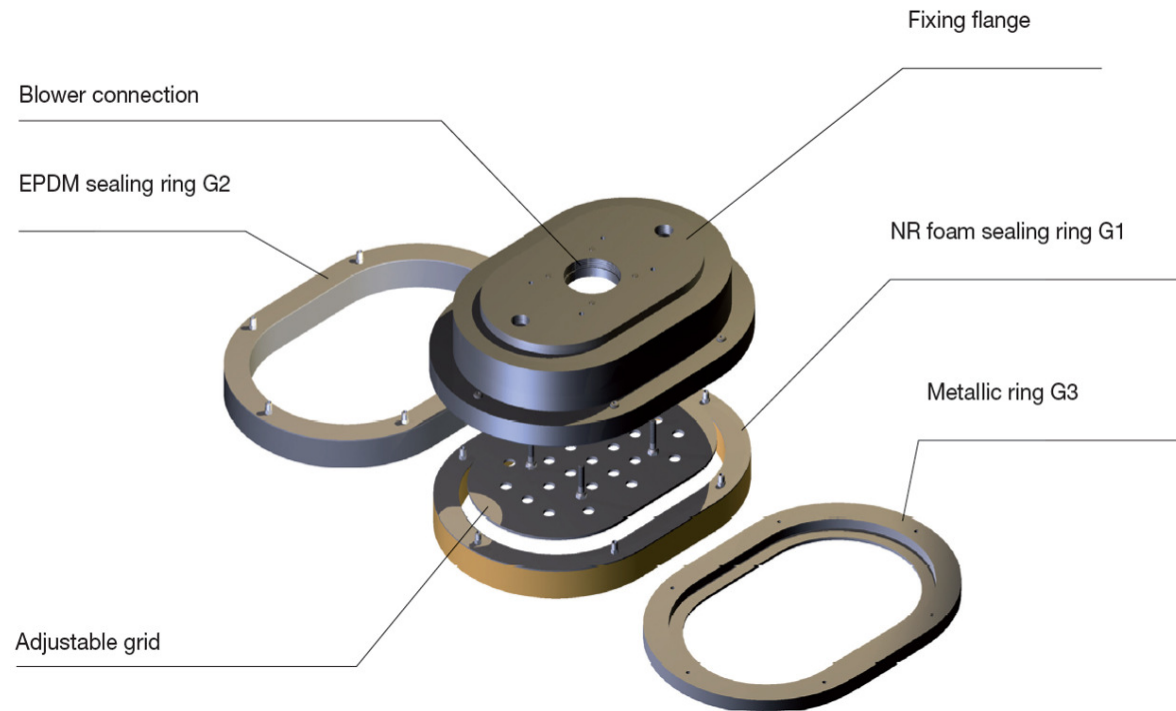

A part of the Piab group
KENOS
Vacuum gripping systems

KVG series Kenos Vacuum Gripper

- ✓ Different dimensions and shapes available.
- ✓ With or without rubber sealing lip.
- ✓ Special version with «booster» available.

KBC series Kenos Bag Gripper

- ✓ Industries application: packaging, food, flowpack, liquid bags, etc.
- ✓ Available versions: integrated ejectors or external vacuum generation.

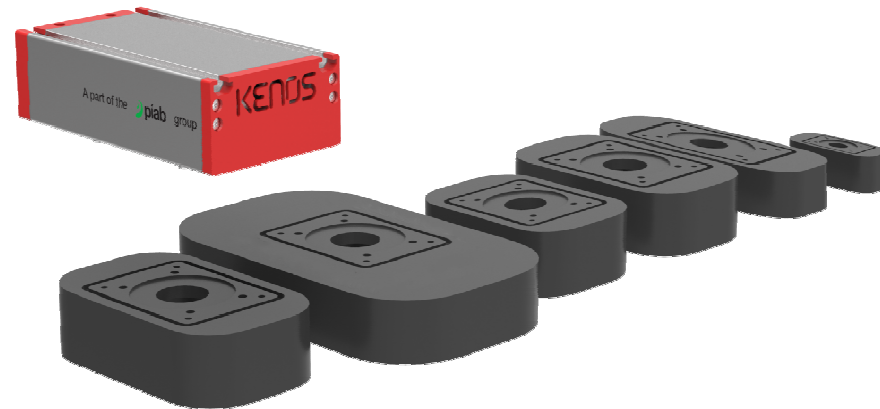

A part of the Piab group
KENOS
Vacuum gripping systems

KBC series Kenos Bag Gripper

- ✓ Different dimensions and shapes available
- ✓ Without sealing lip
- ✓ Plastic cup made of PEHD
