

TECHNIFOR RANGE OF PRODUCTS

TECHNIFOR - MICRO-PERCUSSION AND SCRIBING MACHINES

FAMILY: MICRO-PERCUSSION PNEUMATIC MACHINES INTEGRABLE

MACHINE	CN110p	XF510Cp	XF510Sp	XF510Dp	CN212Cp	CN212Sp	CN212Dp
MARKING AREA	60x40mm	50x20mm	100x80mm	200x80mm	45x45mm	100x100mm	200x100mm
STATUS	Available full year 2009	Available full year 2009	Available from 1 st April of 2009	Available from 1 st April of 2009	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE			Photo not available	Photo not available			
	Budget pack with integrated control unit	New range of marking head with new control unit UC500. Will replace CN212 range defiantly in 2010			Current range of pneumatic machine with UC112 – discounted on 31 st of December 2009		

FAMILY: MICRO-PERCUSSION ELECTROMAGNETIC MACHINES INTEGRABLE

MACHINE	CN110m	XF510Cm	XF510Sm	XF510Dm	CN312Cm	CN312Sm	CN312Dm
MARKING AREA	60x40mm	50x40mm	100x80mm	200x80mm	50x40mm	100x100mm	200x180mm
STATUS	Available full year 2009	Available from 1 st July of 2009	Available from 1 st July of 2009	Available from 1 st July of 2009	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE			Photo not available	Photo not available			
	Electromagnetic version of CN110 with integrated CCU	Electromagnetic version of X-tra fast XF machine with M1C stylus + UC500. Will replace CN312 range defiantly in 2010			Current range of electromagnetic machine with UC112 – discounted on 31 st of December 2009		

FAMILY: BENCHTOP AND MOBILE

MACHINE	XF500	XF520Cp	XF520Cm	XF530p	XF530m	M222p	M120PN & PN
MARKING AREA	100x120mm	50x40mm	50x40mm	200x50mm	200x50mm	45x45mm	60x40mm
STATUS	Available full year 2009	Available full year 2009	Available from 1 st October of 2009	Available from 1 st April of 2009	Available from 1 st April of 2009	Available full year 2009	Available full year 2009
PICTURE							
	Bench top machine with Large screen, higher speed, USB connection	Marking gun based on XF510Cp with control unit UC520		Machine for very deep marking (with stylus S45 or M2C) for oil, gas, pipe, ship building and metal construction industry		Heavy duty marking gun based on Cn212Cp	

FAMILY: SCRIBING INTEGRABLE MACHINES

MACHINE	XF510Cr	XF510Sr	XF510Dr	SV312	SV510
MARKING AREA	40x50mm	80x50mm	160x50mm	200x50mm	200x50mm
STATUS	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available from 1 st April of 2009
PICTURE					Photo not available

ACCESSORIES

	UPP50	ZA322	DMC15	DMC25	PFD500	COLUMN MP	COLUMN SCRIBING
STATUS	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE							
MAIN PURPOSE	Pneumatic slide for integrated heads	Motorized Z Axis	Rotary device for small parts	Rotary device for big parts	Automatic plate feeding device	Column for micro-percussion machine	Column for scribing machines

OTHER ACCESSORIES:

Plate holder, clamping, CHR, protective device, lights, T101W internal software, T500W internal software.

TECHNIFOR – INDUSTRIAL LASERS

FAMILY: LASER YAG AND FIBER

MACHINE	LASERTOP TD412	TD412	LASERTOP TF420	TF420	CO₂ GALVO BENCHTOP	CO₂ GALVO INTEGRABLE
STATUS	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available from 1 st July of 2009	Available from 1 st July of 2009
PICTURE						
SOFTWARE T700W	As standard in the packed	As standard in the packed	As standard in the packed	As standard in the packed	As standard in the packed	As standard in the packed
	The new TD412 is more powerful, precise and reliable version YAG unit.				A new range of CO ₂ lasers with scan head – 200mm lens. Marking area 110x110mm	

YAG AND FIBER COMMON ACCESSORIES:

	MINI BENCH (class I light)	MOTORIZED Z AXIS	MINI WORKSTATION CLASS IV	DMC11/DMC21	PLATE FEEDING DEVICE	FUME EXHAUST LE120HP
STATUS	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE						
MAIN PURPOSE	Smaller, less expensive Class I (protected) bench top station					The LE120HP fume extractor is an essential accessory for Laser machines.

MEDRIX

MACHINE	MEDRIX ID	MEDRIX EVOLUTION	MEDRIX CHECK
STATUS	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE			
	Basic bench top marking machine with specific clamping system dedicated to the marking of medical instruments.	Bench top machine with specific clamping system which can be dismantled and replaced by the table to mark boxes of instruments. It also includes an integrated camera to check decidability of the marked codes	Table reader dedicated to the reading of the Data matrix codes marked on medical instruments.

VISION SYSTEMS

	Cognex-In-sight Reader (ISS-5110/5410)	Cognex-Dataman Handheld reader (DM7500/DM7550)	Cognex-Dataman Fixed Reader (DM100)	Other type of reading equipment
STATUS	Available full year 2009	Available full year 2009	Available full year 2009	Available full year 2009
PICTURE				
MAIN PURPOSE	Fixed reader. Pack including IS5110 + IFS27 + Ethernet and power cables	Handheld reader. Pack including a Dm7500 + cable	Compact fixed reader. Pack including DM100 + basic accessory kit
